## **MEDICARE PART D CREDITABLE COVERAGE NOTICE**

### **IMPORTANT NOTICE**

**This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice from Foothill-De Anza Community College District About Your Prescription Drug Coverage and Medicare."**

## **Important Notice from Foothill-De Anza Community College District About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Foothill-De Anza Community College District and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Foothill-De Anza Community College District has determined that the prescription drug coverage offered by the Foothill-De Anza Community College District CalPERS Anthem, Kaiser, Blue Shield, United HealthCare, and Sharp medical plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

---

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

### **Enrolling in Medicare – General Rules**

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65<sup>th</sup> birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

### **Late Enrollment and the Late Enrollment Penalty**

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15<sup>th</sup> through December 7<sup>th</sup>. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1% of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go nineteen months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

### **Special Enrollment Period Exceptions to the Late Enrollment Penalty**

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to join a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

### **Compare Coverage**

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

### **Coordinating Other Coverage with Medicare Part D**

Generally speaking, if you decide to join a Medicare drug plan while covered under the Foothill-De Anza Community College District Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Foothill-De Anza Community College District Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Foothill-De Anza Community College District prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine if and when you are allowed to add coverage.

## IMPORTANT NOTICE

### HIPAA Comprehensive Notice of Privacy Policy and Procedures

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice is provided to you on behalf of:

**Foothill-De Anza Community College District Medical Plan  
Foothill-De Anza Community College District Dental Care Plan  
Foothill-De Anza Community College District Vision Plan  
Foothill-De Anza Community College District Flexible Benefits Plan**

These plans comprise what is called an “Affiliated Covered Entity,” and are treated as a single plan for purposes of this Notice and the privacy rules that require it. For purposes of this Notice, we’ll refer to these plans as a single “Plan.”

#### **The Plan’s Duty to Safeguard Your Protected Health Information.**

Individually identifiable information about your past, present, or future health or condition, the provision of health care to you, or payment for the health care is considered “Protected Health Information” (“PHI”). The Plan is required to extend certain protections to your PHI, and to give you this Notice about its privacy practices that explains how, when and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required to follow the privacy practices described in this Notice, though it reserves the right to change those practices and the terms of this Notice at any time. If it does so, and the change is material, you will receive a revised version of this Notice either by hand delivery, mail delivery to your last known address, or some other fashion. This Notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan’s Privacy Official, described below), and will be posted on any website maintained by Foothill-De Anza Community College District that describes benefits available to employees and dependents.

You may also receive one or more other privacy notices, from insurance companies that provide benefits under the Plan. Those notices will describe how the insurance companies use and disclose PHI, and your rights with respect to the PHI they maintain.

#### **How the Plan May Use and Disclose Your Protected Health Information.**

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative (e.g., a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan’s uses and disclosures of your PHI.

#### ***Uses and Disclosures Relating to Treatment, Payment, or Health Care Operations.***

- **Treatment:** Generally, and as you would expect, the Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists and other health care professionals where the disclosure is for your

medical treatment. For example, if you are injured in an accident, and it's important for your treatment team to know your blood type, the Plan could disclose that PHI to the team in order to allow it to more effectively provide treatment to you.

- **Payment:** Of course, the Plan's most important function, as far as you are concerned, is that it *pays for* all or some of the medical care you receive (provided the care is covered by the Plan). In the course of its payment operations, the Plan receives a substantial amount of PHI about you. For example, doctors, hospitals and pharmacies that provide you care send the Plan detailed information about the care they provided, so that they can be paid for their services. The Plan may also share your PHI with other plans, in certain cases. For example, if you are covered by more than one health care plan (e.g., covered by this Plan, and your spouse's plan, or covered by the plans covering your father and mother), we may share your PHI with the other plans to coordinate payment of your claims.
- **Health care operations:** The Plan may use and disclose your PHI in the course of its "health care operations." For example, it may use your PHI in evaluating the quality of services you received, or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverage. *However, the Plan will not disclose, for underwriting purposes, PHI that is genetic information.*

### ***Other Uses and Disclosures of Your PHI Not Requiring Authorization.***

The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:

- **To the Plan Sponsor:** The Plan may disclose PHI to the employers (such as Foothill-DeAnza Community College District) who sponsor or maintain the Plan for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employers. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage and other disputes related to the Plan's provision of benefits.
- **Required by law:** The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect or domestic violence, or relating to suspected criminal activity, or in response to a court order. It must also disclose PHI to authorities that monitor compliance with these privacy requirements.
- **For public health activities:** The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.
- **For health oversight activities:** The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.
- **Relating to decedents:** The Plan may disclose PHI relating to an individual's death to coroners, medical examiners or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.
- **For research purposes:** In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research.

- **To avert threat to health or safety:** In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm.
- **For specific government functions:** The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.

***Uses and Disclosures Requiring Authorization:***

For uses and disclosures beyond treatment, payment and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. Your authorizations can be revoked at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.

***Uses and Disclosures Requiring You to have an Opportunity to Object:***

The Plan may share PHI with your family, friend or other person involved in your care, or payment for your care. We may also share PHI with these people to notify them about your location, general condition, or death. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so).

**Your Rights Regarding Your Protected Health Information.**

You have the following rights relating to your protected health information:

- ***To request restrictions on uses and disclosures:*** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law.
  - *Effective February 17, 2010, you can restrict disclosure of PHI for payment or health care operations if you pay the health care provider the full out-of-pocket cost.*
- ***To choose how the Plan contacts you:*** You have the right to ask that the Plan send you information at an alternative address or by an alternative means. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.
- ***To inspect and copy your PHI:*** Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI in the possession of the Plan or its vendors if you put your request in writing. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed but may be waived, depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.
- ***To request amendment of your PHI:*** If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors, you may request, in writing, that the record be

corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and tell others that need to know about the change in the PHI.

- ***To find out what disclosures have been made:*** You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

### **How to Complain about the Plan's Privacy Practices.**

If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services. The law does not permit anyone to take retaliatory action against you if you make such complaints.

### **Notification of a Privacy Breach**

A new federal law, the American Reinvestment and Recovery Act of 2009 (ARRA) has made numerous changes to the rules governing PHI that is maintained by the Plan and its service providers (business associates). Effective September 23, 2009, any individual whose unsecured PHI has been, or is reasonably believed to have been used, accessed, acquired or disclosed in an unauthorized manner will receive written notification from the Plan within 60 days of the discovery of the breach. The notice will be provided to you if the breach poses a significant risk of financial, reputational or other harm to you.

If the breach involves 500 or more residents of a state, the Plan will notify prominent media outlets in the state. The Plan will maintain a log of security breaches and will report this information to HHS on an annual basis. Immediate reporting from the Plan to HHS is required if a security breach involves 500 or more people.

### **Contact Person for Information or to Submit a Complaint.**

If you have questions about this Notice please contact the Plan's Privacy Official or Deputy Privacy Official(s) (see below). If you have any complaints about the Plan's privacy practices, handling of your PHI, or breach notification process, please contact the Privacy Official or an authorized Deputy Privacy Official.

### **Privacy Official.**

The Plan's Privacy Official, the person responsible for ensuring compliance with this Notice, is:

Christine Vo  
Benefits Manager  
650-949-6224

The Plan's Deputy Privacy Official(s) is::

Christine Vo  
Benefits Manager

**Organized Health Care Arrangement Designation.**

The Plan participates in what the federal privacy rules call an "Organized Health Care Arrangement." The purpose of that participation is that it allows PHI to be shared between the members of the Arrangement, without authorization by the persons whose PHI is shared, for health care operations. Primarily, the designation is useful to the Plan because it allows the insurers who participate in the Arrangement to share PHI with the Plan for purposes such as shopping for other insurance bids.

The members of the Organized Health Care Arrangement are:

**Foothill-De Anza Community College District Medical Plan**  
**Foothill-De Anza Community College District Dental Care Plan**  
**Foothill-De Anza Community College District Vision Plan**  
**Foothill-De Anza Community College District Flexible Benefits Plan**

**Effective Date.**

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or the CHIP, you may request enrollment under this plan within **60 days** of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy towards this plan, you may request enrollment under this plan within **60 days** after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

## **Medicaid and the Children’s Health Insurance Program (CHIP)**

### **Offer Free Or Low-Cost Health Coverage To Children And Families**

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for these programs, but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or by calling toll-free 1-866-444-EBSA (3272).

**If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of July 31, 2012. You should contact your State for further information on eligibility –**
